Accord¹⁵

A Modular Sign System

Accord¹⁵ is a complete, modular system ideal for virtually any signage need, from simple personnel and identification signs, to complex directionals and directories. Offering easy, cost-effective signage solutions while retaining unparalleled design flexibility, modularity, and quality is what Accord¹⁵ is all about.

System Overview

Accord¹⁵ is comprised of two systems which share a wide range of modular components.

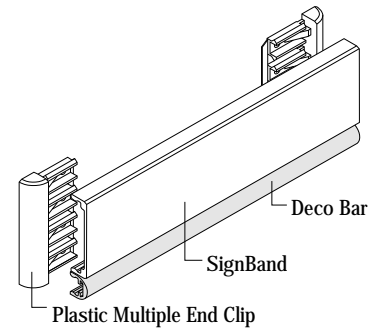

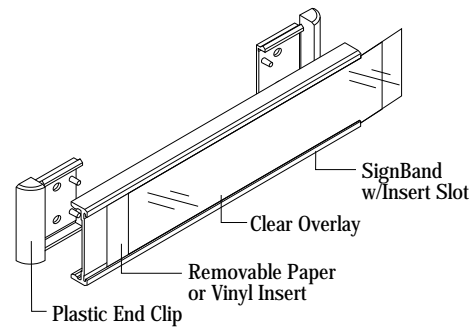

End Clip System Features a wide range of extruded aluminum bands (inserts) which snap onto low profile, integrally colored End Clips. It couldn't be easier! Ideal for personnel signs, directional modules, room identification, and ceiling and wall projection signs.

Side Track System Features the same range of aluminum bands which snap onto aluminum Side Tracks via modular Clip fasteners, ensuring modularity and precise alignment of inserts. Ideal for room signs, directories, directional signs, poster holders, and more, for both interior and exterior applications.

Features/Benefits

- **It's Easy!**
Ordering, installation and servicing couldn't be easier!
- **User Lettering Capabilities**
A wide range of Accord inserts allow for economical, easily updateable paper or vinyl inserts.
- **Low Profile**
The Accord End Clip system features a sleek 3/8"/9.5mm depth.
- **Design Flexibility**
Accord's wide range of inserts, shapes, and decorative elements allows for unique, great looking systems based around standard components.
- **Colors & Finishes**
(6) Standard - consult APCO for details.

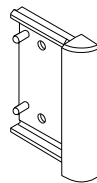

End Clip System

- Window Signs

Accord¹⁵ Express

The Simple Economical Sign System

Directly from stock, in integrally colored injection molded plastic, offering standard sizes and colors, in both ColorBands and ClearBands. Accord Express is the most economical and expedient way to enjoy the modular benefits of the award-winning, comprehensive Accord15 system.

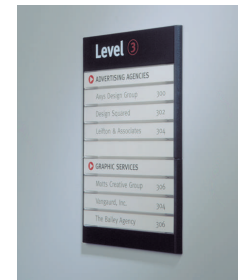

NEW!

▲ Color Band

Color Bands are precisely molded in (5) standard, integral colors, and are compatible with all Accord15 plastic EndClips and aluminum SideTracks.

NEW!

▲ Clear Band*

The unique, patent-pending Clear Band is injection molded in a crystal clear plastic for subsurface, laser printed inserts. Graphics are protected by the non-glare, clear plastic and are quickly and easily updated.

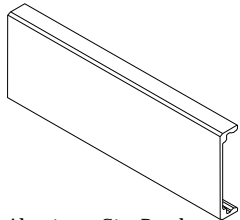

▲ 5 Standard Colors:

(L-R) 02 Black, 44 Brown, 43 Beige, 78 Pearl Grey, 72 Bone White
